Credit Score

65/100

Risk Tier

C

Recommended Limit

PKR 210,000

Rationale

Recommended action: REVIEW. Data completeness: 100% (HIGH). This application scores risk tier C with an estimated 65% repayment probability. Supporting factors: Existing loan repayments vs. bank inflow; Existing loan instalment. Concerns: Bounced/returned cheques on the statement; Years the business has been trading; Age of the bank account. Verification raised 1 flag(s), including: [MEDIUM] NEGATIVE_BALANCE_PATTERN: 3 bounced cheques on the statement. Recommended loan amount: PKR 210,000 against a request of PKR 1,300,000.

Key Impact Factors

Bounced/returned cheques on the statement	-100
Years the business has been trading	-24
Existing loan repayments vs. bank inflow	+20
Existing loan instalment	+18
Age of the bank account	-18
